

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a terrible threat to our country.

Please do not let Sinclair get away with this, as this is a clear political tactic for the Bush administration. In order to be in a true democracy it is up to the media to give all sides an equal say. Sinclair is a public enterprise and using their media outlet as a political strategy. This is an outrage and a threat to our nation's democracy and well-being. Thank you for your time.
